This act allows an employee who is a parent1 with children in a licensed day care facility or in Kindergarten through 12th grade to take up to 40 hours a year for the purpose of either of the following child related activities:

1. To find, enroll, or reenroll their child in a school or with a licensed child care provider, or to participate in activities of the school or child care provider. Employees seeking leave for this reason must provide reasonable notice to the employer and the employer is only required to provide up to 8 hours of time off in any given calendar month. Additionally, employers are allowed to request that the employee provide written proof from the school verifying that the employee participated in school activities on the specified date and time.

2. To address a child care provider or school emergency2, provided the employee gives notice to the employer.

Employees using leave pursuant to the Family School Partnership Act shall first utilize any accrued vacation, holiday or compensatory time before going into an unpaid status.
